

MARCO ULLSTEIN QUINTET

PRESSTEXT/BIO/ACHIEVEMENTS

After winning the Grachtenfestival Jazz Competition in 2023 and achieving various successes on international stages and competitions, the Marco Ullstein Quintet is pleased to present their debut album, *Detached Views*, which has been released on August 30th 2024. In their music, the international band members, who started the formation in The Hague in 2022, combine modern elements with their passion for traditional jazz to create a unique sound realised through vibraphone, tenor sax, guitar, bass, and drums.

The compositions of vibraphonist and bandleader Marco Ullstein are influenced by various genres and his classical music background. Elements such as storytelling through colorful arrangements, while leaving space for each musician's character and individual expression, take the audience on a musical journey full of melodic and rhythmic contrasts and diversity - or, as De Telegraaf writes, "...the attendees were transported note by note into another world."

The music of their album *Detached Views* draws inspiration from specific events and delves into emotional connections to various environments, exploring how leaving familiar spaces and discovering new homes can open up new perspectives in life.

Biographie

The Marco Ullstein Quintet emerged from deep personal and musical connections cultivated by the band members over the years since meeting at the Royal Conservatory of the Hague. Marco Ullstein, the group's founder, composer, and vibraphonist, crafted a unique sound around this bond, accentuating the musicians' diverse personalities and origins in their music. This profound link enables the quintet to achieve a tight, nuanced interplay since their formation in November 2022.

Born in Munich with Italian and German roots, Marco collected various musical influences, from his classical percussion studies to oriental and jazz music. His compositions reflect this diversity, exploring colourful sound variations and evolving storytelling by playing with the roles of each instrument.

„This highly accomplished quintet, [...] played with great dynamics and beautiful colours under the direction of their humble leader Marco Ullstein. I can't wait to hear them play again [...]!“
– Sander Grande Jury chairman Grachtenfestival Jazz competition
